public man has done more to exasperate the South, and rouse the anti-slavery familieism of North, than Wm. H. SEWARD. His appointment will, therefore, be regarded by the Southern people as a declaration of war by the incoming administration upon their rights, and against slavery.

It is said that Mr. Sawand has, since the Presidential election, become more conservative than of late years, and especially during his Republican leaders and members of Congress electioneering tour last fall. No Southern man-no conservative man of high character and standing, can be exp take a seat in a Cabinet, in which Ws. H. Szw. ARD has charge of the most important bureau. IFIt appears from the proceedings in the U S. Senate, that Mr. Davis, Mr. SLIDELL and other extreme Southern men, have commenced a WAT upon Mr. BUCHANAN. The Constitution. heretofore regarded as the organ of the Administration, is violent in its denunciations of Mr. Horr, and does not spare the President. Coss. The Columbus Gazette of this morning says that the \$137,40, in the protonded exhibit of the expenditures of this county for the year ending September, 1, 1860, which Sparrow & Co published in that paper, was for advertising the forfeited list of lands and town lots in the Gazette and Westbote, and not for advertising the delinquent list as stated by the Commissioners. If the statement of the Gazette be true, it only goes to shew that there is no confidence to be placed in the pretended exhibit, and confirms all that we have said about it. The editor of the Gazette has very good reason to know that we have had no desire to impeach his integrity; but the statement made by Spannow, & Co. was calculated to mislead, it that it stated that the money was paid on ac count of work that never was performed.

The call will be found in the appropriate place in our columns. It is made on the authority of the Chairman alone, so far as we are advised, and without consultation with the members of the committee, he being moved thereto, by the urgency of the press and private correspondence. Had the committee been called together, we think it probable a difference of opinion would have existed among the members as to the propriety of the measure; but the Convention having been called, we hope that every county in Ohio will promptly respond, and send up to the Capital on the 23d of this month, a delegation of the most sagacious, prudent and experienced men within its limits. Let us have on the occasion a full convention of able and patriotic men, devoted to the Union and to the rights of all sections of the Republic.
